

MUSIC AT SAINT CLEMENT

announcing the arrival of our
five-stop continuo organ by

Taylor & Boody Organbuilders

Constructed entirely by hand, this new instrument was built according to historic organ building principles, with a keyboard of boxwood and ebony, and a case of superbly crafted white oak. The case was designed to reflect many of the symbols and architectural elements of the Saint Clement Church building, and features beautiful hand carvings on three sides.

Gedackt 8 (wood)
Blockflöte 4 (wood)
Principal 2 (metal)
Quinte 1-1/3 (metal)
Sesquialtera II (metal, from middle c)

Transposing keyboard: A-440 and A-415
